CITY GOVERNMENT

ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 6, 1931.

The members of the city government for the municipal year of 1931, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Hon. Orville E. Cain, at ten o'clock in the forenoon.

Hon. Orville E. Cain made the announcement that, John J. Landers having been notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office was administered by Hon. Orville E. Cain, who introduced the Mayor to the aldermen and councilmen elect and to the citizens present.

After roll-call by the clerk, Mayor Landers administered the oath of office to the following named members of the board of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

Ward 1.—Emile Grube.
Ward 2.—Nathan C. Sibley.
Ward 3.—Leston M. Barrett.
Ward 4.—Robert D. Nims.
Ward 5.—John H. Kennedy.

BOARD OF COMMON COUNCIL

Ward 1.—Percy A. Hudson.
Howard W. Kirk.
George F. Knowlton.
Ward 2.—Elmer R. Damon.
George E. Towne.
Holland S. Wheeler.

Ward 3.—Earl W. Little.
Claude A. Putnam.
William F. Barrett.

Ward 4.—Frederick D. Mitchell.
Reginald F. Howe.
Winthrop Faulkner.

Ward 5.—Thomas F. Guinnane.
Harry L. Wellman.
Charles S. Bergeron.

Prayer was offered by Rev. P. J. Scott.

We pray Thee, O God of might, wisdom and justice, through whom authority is rightly administered, laws are enacted and judgment decreed, assist with Thy holy spirit of counsel and fortitude, the President of these United States, that his administration may be conducted in righteousness and be eminently useful to the people over whom he presides.

We pray for his excellency, the Governor of this State, for the members of the General Court, for all judges and other officers who are appointed to guard our political welfare.

In a very special manner we beg Thy assistance for the Mayor of our city, for the aldermen and councilmen and all others who share with him the responsibility of guiding this municipality. May Thy continued protection enable them at all times to discharge the duties of their respective stations with honesty and ability. We recommend likewise to Thy fatherly care all our brethren and fellow citizens throughout the United States, that they may be sanctified in the observance of Thy laws and may be preserved in that union and peace which the world cannot give. We ask these blessings O Lord in the words of Thine own prayer. Our Father—

After the prayer Mayor Landers delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger, and it was voted: that the convention now rise, the aldermen and councilmen to meet in their respective rooms, for the transaction of general business.

The common council organized by the choice of Frederick D. Mitchell as president and Harry E. Gale, clerk.

THE MAYOR'S ADDRESS

Members of the City Council and Fellow Citizens:

In accordance with the provisions of the law provided for such an event, we have met today to assume the regulation and control of the business of the city for the ensuing year. To properly administer the affairs of the city requires on our part careful and efficient effort. It likewise requires a sacrifice of time as well as united, agreeable and cooperative action. We are pledged to perform the duties of our office faithfully and impartially. Hence the city's welfare is ever to be borne in mind in all our endeavors and deliberations during this year of city government.

Many of you gentlemen bring to the service of the city's affairs a long and extended experience. It is my belief that this training will be of inestimable value in solving the problems that from time to time will be presented for your consideration.

I desire at the outset to acknowledge my sense of dependency upon you and my need of your constant and hearty cooperation.

We owe it to ourselves and to those, who have placed us in office, to perform our duties for the best interest of all the people of this community.

FINANCE

The adoption of a proper budget for the year's business is, as you know, one of the first and most important duties to be performed. This year we are without the customary estimate furnished by the Finance Committee, and usually printed in the City Report.

Such report as has been rendered is not the unanimous report of the Finance Committee. For that reason I recommend to your careful consideration a detailed study of the city's finances and an acquaintance with its present financial condition in order that we may adopt only such budget as is consistent both with economy and the needs of the various departments of the city. During the past few years Keene has enjoyed the benefit of a great many varied permanent improvements, both in the nature of cement streets and otherwise. The source of revenue therefor in most instances accrued through bond issues. Because of the great advances thus made, we should be hesitant at least for a time in raising further large sums of money by bond issues. While it is true that the city councils have nothing to do with the raising of the state tax, county tax and school district tax, nevertheless a practised economy in the departments of the city will help in lowering our present taxes. A reference to our reports and an examination of the records indicates that taxes have gradually increased until in a great many instances they have become heavy and burdensome. There are pending at the present time certain tax suits, and others undoubtedly will follow if this gradual increase continues. It has been urged repeatedly that the valuations placed on our local property are excessive.

These matters should receive your attention with a view of making a comparative study of local valuations with those of other cities in our state in order to determine what, if anything, might be done to decrease or increase the same.

It is my belief that a study of the whole financial situation of the city should be made and a determination made whether the finances are managed in the best manner and to the city's best advantage. It is my intention to study the financial management of the city, and the aid of a committee of local bankers in arriving at a determination of whether our system is modern, complete and efficient may well be helpful. I shall advise you from time to time relative to this matter and shall

confer with you fully in the premises. I am also of the belief that a proper audit of the books of the city should be wise. The ordinances of the city provides for such an examination, and in my opinion the business of the city, just as an ordinary business, would be helped by a periodic audit and examination of the books and assets. Unfortunately many citizens neglect to advise themselves as to the city's management by a perusal of the City Report published every year, and in order that the fullest information may be had by our citizens concerning the finances of the city, I deem it wise that after such an audit has been made a simple, concise statement of it be published. Such a procedure in my opinion will furnish an easy and convenient method of advising our citizens concerning the finances of the city and will thus eliminate any confusion or doubt concerning the city's affairs. The report this year indicates an amount of assets over liabilities, which condition was not found in the report at last year. The balance is accomplished by including unpaid taxes at their full amount as a credit. These unpaid taxes as shown by the report amount to $180,622.49, and run back in some measure a number of years. It is self-evident that they are not the same as money on hand, and can only in part be regarded as available for working capital. The result is that in a real and practical way the city is in debt for money to meet its running expenses. That is, it has to borrow money to keep things going. While it is to be expected that a reasonable amount should be borrowed in anticipation of taxes for a current year, yet in good management, payment therefor should be made by December first when all taxes are payable. But a condition has arisen, which keeps the city in debt for such borrowings a large part of the time, and a strengthening of the city treasury in this respect should be sought. Of course, it can be done only gradually and through a saving in expenses rather than by an increase of taxes already high enough.

The city will undoubtedly be compelled to borrow money in anticipation of taxes for the current year. For one thing, there are the regular payments due the Union School District to which the city now owes a substantial balance on last year's account. Other matters may be the occasion for further borrowing on the part of the city during the year. Hence a careful and economical course should be followed to eliminate as far as possible all unnecessary spending in order that we may free the taxpayers from all unnecessary burdens. I call your attention to the report and especially ask you to note the present bonded indebtedness of the city, together with the other liabilities and assets shown therein, so that you may have a thorough familiarity with the same. From time to time reports will be submitted to the council in relation to the financial condition of the city for your further help and guidance. It is my desire also that the departments continue to render their periodic accounts, and I earnestly urge that each department keep well within the amount you may deem advisable to appropriate for their activities.

HIGHWAYS

Our thoroughfares generally are in excellent condition. We have made rapid strides in the way of permanent road construction and cement sidewalks during the last few years. The approach to our city over the main trunk lines is worthy of commendation. Last year's cement work on Island Street, Pearl Street and St. James Street has added much in the nature of permanent improvements and to the attractiveness of the city. There are still, however, some streets within the compact part of the city and some outlying thoroughfares that require attention. I recommend that you give this part of our highway system some study to the end that the same may be properly repaired and maintained. The extensive use to which most of our streets are now put demands a modern, prompt and effective mode of repair and maintenance. Demands for repairs and maintenance on our streets are constant and in a

great many instances insistent. An examination of the records indicates that petitions for cement highways, roads and sidewalks have already been granted commensurate with what would appear to be any reasonable appropriation the council might see fit to make. One of the matters, which may be presented for your attention in the matter of streets will be the improvement and widening of Vernon Street. Such an undertaking will involve a large expenditure of the city's money, since it includes the purchase of adjoining lands, and it will be for you to determine whether the city at this time can afford such an undertaking.

I deem it wise that where there is uncertainty our streets be resurveyed, definitely marked, boundary posts fixed and duly recorded by engineers' plans. This procedure will eliminate trouble, confusion and misunderstanding and definitely mark the citys' property.

Aside from the Vernon Street improvement, I am opposed to any large plan of highway improvement for the year. We have done much in this direction the past few years, as already said, and in the present business stress, which reaches many of our taxpayers on whom the welfare of our city is dependent, it is a good time to pause and halt. No unfinished program calling for immediate completion is on hand, and no new one should be inaugurated until conditions make it more imperative than it now is. The contemplated improvement in the water works department, later referred to, is an additional reason for limiting highway improvements.

I note in the report of the Superintendent of Streets a reference to our shade trees with which I am heartily in accord. One of the principal charms of our delightful city is its beautiful Elm trees. Keene is called "The Elm Tree City" by reason of the abundance and beauty of our trees. For some reason these trees seem to be suffering a blight and lest they be neglected and the city lose the attractiveness, which our trees

render, I earnestly urge that you give your attention to a mode and method of their proper preservation and care.

FIRE DEPARTMENT

Our Fire Department is now well-equipped and well-manned. The losses from fire last year were not half what they were the year before and in this case it is interesting to note that the largest number of alarms were had during the past year. Promptness and efficiency thus shown merits our pride and commendation in the accomplishments of this department.

HEALTH AND SUPPORT

The report of this department shows that there has been the smallest number of contagious diseases ever reported during the past year. It also indicates the lowest death rate Keene has experienced in many years.

I note an increase in the appropriation for the city's dependents, of course due to the unsettled condition of the times. On the whole it is clear that these departments have been wisely and justly administered and their work well done.

WATER AND DRAIN DEPARTMENT

This department is being capably and efficiently managed. A major problem in the nature of the improvement of our water system, which I anticipate may shortly come before the Council, will be the erection of a dam and the purchase of new lands to increase our water sheds. Cautionary measures in this matter should be followed, both in the examination and the nature of land to be purchased and its adaptability for the purpose desired as well as in the nature, kind and type of dam to be constructed. If it be found that the purchase of these lands and the erection of the dam should be desirable, great care should be exercised in the choice of a suitable and proper engineer, who will supervise and assist in the development of this project.

POLICE

This department particularly should have the zealous support and cooperation of all citizens in its efforts to punish and prevent crime. This department above all others must be alert, efficient, well-equipped and well-trained to meet the demands to which present day crime gives rise. Keene has earned during the years a reputation of being a peaceful, law-abiding community. Today modern crime is alert, active and vicious. No town or hamlet, however remote, can be said to be isolated or safe from its depredations. Modern means of conveyance make it possible for those bent on crime to cover long distances in a short space of time. Therefore, our Police Department must be capable of meeting not only the burdens incident to our local demands, but they must also be trained and prepared to cope with the hardened criminal, who from time to time may include Keene in his forages.

The recent incident of a law-abiding and inoffensive citizen being shot down in the peaceful pursuits of his business clearly indicates that our Police Department must be ready to forestall a like situation, if the occasion should arise in the future.

The control and management of the Police Department, as you know, is in the hands of a commission, an elective body, composed of three members. I have no doubt that the commission will do its part in taking prompt and immediate steps to meet the exigencies that may henceforth arise. I urgently request that the committee on police, appointed by the Council, cooperate to the fullest extent with the police commission in whatever undertaking may be found to be advisable in maintaining and keeping our city free from lawlessness and crime.

During the past year much agitation has occurred concerning the so-called Sunday Blue laws. This agitation is in no sense local, but has shown itself in numerous communities throughout New England. A happy solution of this difficulty would be to modernize our Sunday laws. Of course, relief in

this matter must come from the Legislature, and I am informed effort for relief will there be made at its coming session. It is hoped that in its deliberations it will solve this difficulty and eliminate all further controversy in the matter.

ELLIOT COMMUNITY HOSPITAL

The management of this institution rests in a separate corporation. The city may, however, and from time to time does appropriate funds to enable it to continue in the performance of its good work. The demands on this institution have greatly increased. The appropriation to the hospital in view of the nature of its work and the great good that it has done and is doing in this community should be as liberal as good business judgment will indicate.

UNEMPLOYMENT

Keene is suffering from the generally prevailing conditions of poor business and unemployment. The out-going city government has done all it properly could to relieve unemployment, and we, of course, will continue this policy. The city is virtually committed to the program for increasing its water supply, and the work given a number of men in clearing the land for the proposed new reservoir should not be halted.

It is hoped that the distress prevalent on this account has been at its worst, and that conditions will improve and restoration of normal times will soon be brought about.

In closing let me briefly emphasize the importance of committee work during the year. It is my intention that every committee will fully and completely function; much will be expected of each committee and upon it I shall rely for the performance of its work. That we may best accomplish good results, I earnestly hope that you will familiarize yourselves with the rules of order, the ordinances and city charter.

It is essential that all reports of committees be in writing in order that all confusion may be eliminated, and that it may clearly appear what its action is. By studying the ordinances,

we may take our bearings with clarity, and by working close to the rules, the Clerk can register our course and actions so accurately that no further controversy need arise in regard to either.

The declaration that the Mayor is the chief executive officer of the city would seem to imply that he has large authority. There is nothing that he can really execute, however, until some other officer, having authority under the law, or some department of the city government grants permission. He enjoys and exercises authority to a certain extent and has a limited veto power, but the veto is not to execute, it is to stay execution. I say this, because a great number of people are possessed with the idea that the Mayor can right all wrongs and in a sort of accessory sense is a party to all offenses that may escape punishment. I was surprised to hear the statement recently made that the councilmen amounted to but little, except to pass bills for the aldermen to railroad through, many of which are said to be all cut and dried. This cannot be true, if you exercise your individual right to modify a report or to amend or reject a bill, which you may think either unwise or unlawful. You have a further right to refer such a bill to the committee on second reading in order to determine if it be properly drawn and to determine whether it be in conformity with the constitution and the laws of the state and the ordinances of the city, which you are bound to support.

Let no member think for a moment that on the equal floor of this forum he has no right to advocate an amendment to or object to any measure before his board. The common council is the popular board. It is larger in numbers and in it originate all appropriation bills and the creation of city debt. Service in the city government is not a lucrative office, but it is an office to which we have been elected as a compliment and is an evidence of trust and indicative of the confidence reposed in us by our neighbors. It is an honorable office and as you are thus chosen their agents to do their work, it is your duty

to study the wishes of your constituents in all important acts, instead of being led solely by your own desires, prejudices, or judgment of what you think ought to be. Such is the duty of those, who accept a public trust and in the end it is those who perform faithful service who receive the just reward. Your acts will be as they ought to be, carefully scrutinized and freely commented on by a watchful and independent press and a still more watchful and independent public, so that no one can escape censure, if he neglects the duties of his office, or the disgrace, if he performs them corruptly. On the other hand, a faithful discharge of your obligations will bring credit to the city, whose interests I know you have at heart, as well as to yourselves.

I am deeply grateful for the honor that has come to me in the election to the office of Mayor of this, my native city. I likewise am grateful for the privilege of sitting with this Council during the next year in guiding the destinies of our community. It is my fervent hope as well as my conviction that you will do your full share in maintaining our city's rightful heritage, that is, a city of peace, order and contentment.

JOHN J. LANDERS,
Mayor.

ORDINANCES
AND
JOINT RESOLUTIONS

ORDINANCES AND JOINT RESOLUTIONS

CITY OF KEENE

In the year of our Lord one thousand nine hundred and thirty.

A JOINT RESOLUTION relating to a Deed of Highways.

Resolved by the City Councils of the City of Keene, as follows:

That the councils hereby accepts Cedar, Needle and Cone Streets and Lot No. 15, shown on a plan recorded, at Cheshire Registry on Plan Book 2, Page 156, for highways. All of the above so-called streets and lot are forty feet in width or more. This land to be conveyed by deed to the City of Keene by James T. and Alice E. Melvin.

Passed Dec. 4, 1930.

A JOINT RESOLUTION relative to Marcus W. Knight bequest.

Resolved by the City Councils of the City of Keene, as follows:

Whereas, Marcus W. Knight, late of Milford, county of Worcester, and State of Massachusetts, by his will duly allowed and probated in the Probate Court in and for the County of Worcester, at Worcester, Massachusetts, on March 5, 1930, did bequeath to the City of Keene, State of New Hampshire as follows:

"I give to the city of Keene, N. H., the sum of Fifty Thousand Dollars ($50,000) for the erection, near the Washington Street Entrance of Greenlawn Cemetery, but preferably on Washington Street; but in some conspicuous and accessible location, securing, at reasonable price, any real estate desirable and available and of ample dimensions, of a Memorial Chapel

in memory of my father, Sumner Knight and his family, to be used by any and all protestant denominations, who may desire it, for funeral purposes only, free of any expense, unless it is found that the revenue from the invested fund is inadequate for its maintenance, when a reasonable charge shall be made for heating and janitor service, under the following conditions and restrictions, viz:

(a) That there be erected upon the above location, a chapel constructed of granite, of adequate size and attractively proportioned for the seating of, at least, one hundred and fifty individuals, one and one half stories high, with basement. That the building shall be erected in the most substantial and enduring manner, roofed with tile or slate, and made throughout as nearly fireproof and indestructable as possible. That provisions be made for its proper and adequate heating and that it be lighted by electricity, That it be furnished with speakers desk and sufficient number of seats, of a quality in harmony with its construction and consistent with good taste, to meet the capacity of the building—

(b) That in gilt letters upon a large marble slab, all in good taste and in a conspicuous location within the building shall be chiseled the following inscription

The Summer Knight and family
Memorial Chapel

(c) That securely suspended upon the wall at the rear of, and well above the speakers desk shall be placed the large picture of my father Sumner Knight, now in my possession in its present or some other suitable frame; and that it shall remain there continuously during the existence of the building; being recoppied from time to time if deteriorated by age—

(d) That the building, at all times, be kept adequately insured against fire and other destructive elements; and that, if it, or any proportion of it become destroyed that it be immediately repaired or re-erected—

(e) That it be kept at all times in the most perfect repair; that both inside and outside be kept in the most tidy and immaculate condition; that no vines be allowed to grow upon its walls, and the grounds immediately about it belonging to it to be kept, at all times, in the neatest and most attractive manner possible.

(f) That this sum of Fifty Thousand Dollars ($50,000) above mentioned be carefully, conservatively and economically expended in securing the best and most satisfactory results in the location, erection and equipment of the building; and that this sum be not exceeded in securing of adequate grounds, the completion of the building; its equipment, furnishings and the grading of the grounds in every detail—

(g) That any surplus remaining unexpended from the above sum of Fifty Thousand Dollars ($50,000) be conservatively invested, the income only to be used towards the maintenance of the building.''

Be it resolved that the City of Keene, State of New Hampshire, by its councils, hereby accepts the Marcus W. Knight bequest, subject to the terms, conditions, and restrictions set forth in such bequest.

Passed Dec. 4, 1930.

To the City Councils:

Be it enacted by the Senate and House of Representatives in General Court convened:

1. Sessions for Correction of Check-lists. Amend section 2, of chapter 162 of the Laws of 1878, as amended by section 2, of chapter 331 of the Laws of 1929, by striking out the same and inserting in place thereof the following: Section 2. Said supervisors shall publish in the newspapers of the city, at least twenty-nine days prior to said election, a notice of the time and place of meetings for the correction of said check-lists and also give notice of the same on the aforesaid copies, which meetings shall be as follows: the first, not less than twenty-one days prior to said election and the last not less than fourteen days prior to said election, and no adjourned meeting shall be held less than ten days prior to said election. Said meetings shall be from the hours of two p. m. to six p. m. and from seven p. m. to ten p. m. on the days specified and no name shall be added to said check-lists after the last meeting, except such name as may have been left off through mistake.

2. Takes Effect. This act shall take effect upon its passage.

HAROLD M. SMITH,
Speaker of the House of Representatives.

ARTHUR R. JONES,
President of the Senate.

Approved April 14, 1931.

JOHN G. WINANT,
Governor.

ITEMS OF INTEREST

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

The first contract was made with the Patent Water and Gas Pipe Co., of New Jersey, September 3, 1868.

Water was let into the system November, 1869.

1872.

Beech Hill reservoir was built and connected with the system.

1882.

The Waring system of sewers was adopted and turned over to the city in 1883.

1886.

The Roxbury supply was brought into the city via Beech Hill.

1890.

The first meters were installed.

1891.

Ten and one-half miles of cement lined pipe were replaced with cast iron. There remains in service (1930) 400 feet in Roxbury Street.

1900.

Water was pumped from the Ashuelot River.

1902.

Additional water from Roxbury was brought into the city via South Keene.

1908.

The Board of Water Commissioners was abolished by the City Councils.

1910.

The dam at Echo Lake was rebuilt, raising the water in the lake six feet.

1914.

The meter system was adopted and all services ordered metered.

1917.

Guards maintained at Echo Lake for three months.

1920.

Wood and lumber cut and sold on water shed at Echo Lake.

1924.

By vote of the City Councils two filters and a storage reservoir were authorized. One filter and reservoir on Beech Hill and one filter at the stone dam.

1925.

The Beech Hill filter and reservoir was completed and water turned into City October 7, increasing the pressure about twenty-five pounds.

An Altitude Valve was placed in the Court Street main thereby eliminating all waste and reducing the pressure in the old cement lined pipe.

The stone dam filter was completed and water turned on December 9th.

1927.

The 12 inch main pipe from the Stone dam to Eastern Avenue was cleaned, about 14,500 ft. and 3,000 ft. of 8 inch, increasing the capacity 700,000 to 800,000 gals. daily.

1928.

1,300 tons of sand was placed in the Stone dam and Beech Hill Filters.

1929.

Copper tubing adopted for service pipe. The old Beech Hill reservoir turned over to the city to be used for a public swimming pool.

1930.

The cement lined pipe in the East Surry Road was replaced with cast iron pipe. There remains in service 400 ft. of 12 inch cement lined pipe in Roxbury St.

November 10—A Joint Resolution relating to a Water Reservoir. That the Joint Standing Committee on Water Works, Sewers and Drains be and hereby is authorized and directed to build or to have built a concrete dam at the west end of Dakin Meadow in accordance with the survey made by Harry B. O'Neil and to undertake all such other work as may be necessary to the construction of the water reservoir at this point, work to be temporarily financed out of current funds with the proviso that the total cost be permanently financed by means of bonds, the issuance of which is to be authorized before the close of the year 1930.

1931.

November 19, 1930 work commenced on cleaning the basin for the new Babbidge Dam and continued until October 20, 1931; part of the time employing seventy men. All stumps were removed and brush burnt. A road three quarters of a mile in length was built around the reservoir to take the place of that part of the Dakin road that will be flooded.

Work started on the dam June 22, 1931, the gate closed October 27 and the dam completed November 21, 1931.

Nov. 5 the City Councils voted to build the Arlington sewers and appropriated $15,000.00 to pay for the work.

The system was extended in several streets.

December 3, 1931 the City Councils passed the following joint resolution:

That the dam recently constructed in the Dakin meadow water shed be and hereby is designated as the Babbidge dam.

REPORT OF SUPERINTENDENT OF HIGHWAYS, 1931

To his Honor the Mayor and Gentlemen of the City Councils:

I beg leave to submit the report of the highway department for the year ending December 1, 1931.

This years appropriation of money for permanent improvement was ordered to be extended for concrete pavement on West Street, between Ashuelot Street and the Ashuelot River bridge, for hard surfaced roadways, on Sullivan Street the entire length and on Laurel Street the greater part of its length. Also the raising of a portion of the brick pavement on the Easterly side of Central Sq.

The concrete pavement has been laid on West Street between Ashuelot Street and the bridge, this necessitated the removal of the street railway tracks and the building of a reinforced concrete curb on the Northerly side of the street. The Southerly curb being already constructed and part of the street was also paved with brick several years ago. Five catch basins were put in this year and all the old drains discharging into the Faulkner and Colony mill pond were removed. Five telephone poles were reset and the roadway widened several feet in places, over 1,100 sq. yards of paving were laid, including the intersection at Island Street. The total cost of this improvement being $3,315.74.

Sullivan Street, its entire length has been graded, graveled and oiled. Walls were necessary in some places on the Easterly side as the ground rises sharply, many trees had to be removed to get sufficient roadway as the street is but 33 feet wide. Ten new catch basins were put in where needed the most, poles were set back and the street on which prac-

tically no money had been expended heretofore is in good condition. Granite boundary posts have also been set.

Laurel Street has been improved by a coat of gravel and also given an application of oil. The roadway has been widened somewhat and catch basins have been put in to care for the surface drainage.

A portion of the brick pavement and all the curbing on the Easterly side of Central Sq. between Roxbury Street and the City Hall have been renewed and raised. The sidewalk having become very uneven and the settlement of the brick paving allowed pools of water to stand in the gutter. New brick were purchased for this work and laid on a cement base.

Newman Street has been graded and surfaced with gravel its entire length from Wheelock Street to Pine Ave.

RUBBISH COLLECTIONS

The last few years we have been making two general collections, one in May and one in October. The two collections costing $711.70 this year.

SHADE TREES

If shade trees are to be kept in a condition to attract the attention and favorable comment that they have in the past, more money must be expended in their care. It has been the policy of the department the last few years to set out trees to replace the old ones that have been removed, also to set out trees on new streets as far as finances would permit.

CONCRETE SIDEWALKS

A total of 1¾ miles of concrete walks have been constructed this year as follows: South side of Church St., Wells St., to Beaver Brook, West side of Madison St., Park Ave., 1920 feet, westerly from West St., north side of Spring St., between Washington St., and Beaver Brook, Main St., from Wyman Way, southerly 1,103 feet. Washington Street, east side from No. 281 northerly to the Concord Road, and on the easterly side of Central Sq.

In connection with cement walks, it would seem that in some places where the old tar walks are now in a deplorable condition and the abuttors do not petition for new walks, that the City should make some provision for permanent walks or remove the tar and replace the gravel.

OIL AND TAR

One of the most important items in maintaining gravel roads under present traffic is the applying of oil and tar. This year, under different appropriations we have spent approximately $13,000 for materials and over $3,000 for applying same.

BRIDGES

The matter of renewing the floor on the West street bridge has been taken up with the State engineers. They estimate the cities share of this expense will be $1,500.

I would recommend that $2,200 be set aside for bridge work the coming year.

A great improvement would be made in the center of the City by the removal of the remainder of the street railway tracks.

If the City wishes to take advantage of state aid, some provision for financing same should be made.

Respectfully submitted,
ARTHUR A. WALLACE,
Superintendent of Highways.

REPORT OF PARK COMMISSIONER

To the Honorable Mayor and City Councils:

The report of this department for the past year, includes, by reason of the transfer of Robin Hood Lake and adjacent lands, the supervision of the swimming pool, and generous gifts by civic organizations, much the greatest progress in the development of recreation facilities of any year.

The largest project has been at Robin Hood Lake, where it was necessary to employ a caretaker and two life guards. Accompanying this report, for your consideration, is the report of the Director of the swimming pool showing the largest attendance in one day as 500 and a daily average from June 21 to Aug. 20 of over 150. The report is comprehensive and interesting and presents the progress of a much used and appreciated addition to city provided recreation.

At Wheelock Park, the building was painted and an addition erected, to provide additional toilet facilities for the playground. The use of the park by the playground committee every week day but Saturday, largely prevents the use of the cleared spaces by family and other organizations and if this is to be continued, provision should be made to develop another portion of the park for a constantly increasing use by our other citizens.

At Fuller Park through the generous contribution of $100 by the Rural Improvement Society, a large number of trees and shrubs have been planted. Through other gifts also, hundreds of new perennial roots and bulbs have been added. Seats have been placed about the walks and pond.

At Ashuelot Park on Winchester Street, for years an unsightly approach to the city, a large amount of clearing and filling has been done, through the gift of $325 by the Women's

Club, Rural Improvement Society and Rotary and Exchange Clubs. That so much could be done for this amount is due to the co-operation of Supt. Wallace of the Highway Department. With the aid of the steam shovel a bad curve in the river was greatly reduced and hundreds of loads of filling secured. It is recommended that the filling and grading be completed next year to prevent the annual overflowing of this area, and that a good start may be made toward the completion of the project as an attractive park for this section of the city.

By direction of the Ladies Wildwood Park committee, and with the aid of a gift of $50 from the Rural Improvement Society, the commissioner has had this park cleared of an accumulation of undergrowth and by the aid of the State Highway department and City Water department, has had a stone curb built at the south end, and watering trough moved and the land graded.

In the city's other park properties the customary amount of clearing of brush and dead trees has been done and much of the wood given to needy poor.

The following is a summary of the approximate amounts expended in each location:

Robin Hood Park and Lake,	$1,361 00
Wheelock Park,	897 00
Fuller Park,	693 00
Ashuelot Park,	380 00
Other Parks,	106 00

In order to do the necessary work, it is recommended that a minimum of $1,500 for the general park work and $1,200 for the swimming pools be appropriated for the coming year.

Respectfully submitted,
ROBERT T. KINGSBURY,
Park Commissioner.

REPORT OF BOARD OF HEALTH

To his Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the annual report of the Board of Health, together with the report of the Health Officer for the year ending December 1, 1931, and we notice that the Health Officer's report shows about the usual number of contagious cases reported.

At the suggestion of the school physician and school nurse, we thought it wise to start inoculating children for diphtheria at the expense of the Board, and with their co-operation over 1,000 children received the treatment free of charge, and we were very much pleased to have so many children take the treatment, and we feel that the money was very wisely spent.

We refer you to the Health Officer's report for a detailed account of the work accomplished in this department.

REPORT OF HEALTH OFFICER

To the BOARD OF HEALTH:

Gentlemen:

Following will be found the summary of the work done in this department during the year 1931:

The usual number of contagious diseases were reported during the year, with eleven more deaths than there were in 1930 and two more than in 1929, several deaths occur each year at the hospital and in the City which are non-residents.

The City was very lucky this year with infantile paralysis there being only one case reported.

There were eight cases of typhoid fever reported during the year, one of which was brought to the hospital from outside the City, the other seven all lived in distant parts of the City, which made it very hard to locate the contact of infection.

COMMUNICABLE DISEASES REPORTED

Chicken pox,	6
Diphtheria,	3
Gonococcus infections,	2
Infantile paralysis,	1
Influenza,	2
Measles,	84
Mumps,	11
Scarlet fever,	6
Syphilis,	3
Tuberculosis,	2
Whooping cough,	8
Typhoid fever,	8
Total,	136

DEATHS FROM COMMUNICABLE DISEASES

Pneumonia,	13
Typhoid Fever,	1
Tuberculosis,	4
	18
From all other causes,	170
Total deaths,	188

Death rate per 1,000 13.4.

FOOD INSPECTIONS

During the year I have inspected a great many times, all restaurants, eating houses, road stands, and stores that handle food stuffs and found them in most cases complying with the pure food law, and in a sanitary condition.

MILK LICENSES ISSUED

During the year I have issued 120 licenses to milk producers, and 53 to stores and restaurants, revoked 3 and refused several. Milk has been very plentiful this year, and sold at a very low price, while this has worked a hardship on the producer it has helped the unemployed to a great extent.

In closing I wish to express my appreciation for the help and co-operation given me by the Board of Health, the school physician, school nurse, and district nurses, also the medical profession, and the public in general.

Respectfully submitted,

FRED C. NIMS,

Health Officer.

FRED C. NIMS,

Plumbing Inspector.

December 1, 1931.

REPORT OF INSPECTOR OF BUILDING

To His Honor the Mayor and Board of Aldermen:

My report is herewith submitted for the year of 1931.

Building permits to the number of 232 have been issued this year for construction as follows:

Residences,	42
Additions to residences,	25
Porches and repairs,	51
Garages, 3 cars,	2
Garages, 2 cars,	30
Garages, 1 car,	34
Shops, storehouses, etc.,	12
Sheds, henhouses, etc.,	20
Barns,	3
Greenhouse,	1
Road stands,	2
Overnight cabins (10),	3
Store fronts modernized,	5
Diner,	1
Airplane hangar,	1

While the building permits issued this year number slightly less than last year, the total construction cost of residences will be fully as much, this is due to the expensive residence built by John P. Wright on upper Court St.

The former Lane property at the corner of Court and Summer Streets has been remodeled into an apartment house.

Several store fronts have been remodeled including the Sentinel building, a part of the Ball block and the Pananides building. A storage shed has also been erected by the Economy Coal Co., near Commercial street on Boston and Maine R. R. land.

A brick and steel addition has been made on the northerly side of the former Impervious Package Co. building on Mechanic St.

An airplane hangar has been built on the Keene airport grounds and the buildings of the former Keene Glue Co. on Court St. have been removed.

Several new streets in West Keene, including Arlington Ave., Pinehurst Ave., Royal Ave., Stanhope Ave., Cedar and Newman Streets have had house numbers assigned to them. A total of 132 numbres have been given out this year.

Respectfully submitted,
RALPH H. CLARK,
Inspector of Building.

December 1st, 1931.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To The Honorable Mayor and City Councils:

Gentlemen:—The Trustees of the Keene Public Library submit the following report:

During the past year there has been a large increase in circulation, use of reference and reading rooms.

With very little extra assistance the work has been carried on in a most satisfactory and gratifying manner by our very efficient librarian, Miss Saxton and her assistants. As there is a constantly increasing patronage, more assistance will be necessary. Mrs. Stearns, as Children's Librarian has aroused much interest in that department. There is a large attendance at the story telling hour on Saturday mornings. The Children's Book week was made unusually attractive this year. Miss Saxton and Mrs. Stearns arranged a display of Posters and Books descriptive of every land and its children. Library Hall has been used by the Historical Society of Cheshire County for its regular meetings. It has arranged, temporarily, an interesting collection in a vacant room adjoining.

By the resignation of Dr. H. K. Faulkner, one of the original Thayer trustees, the board has lost a very valuable member. Mr. A. B. Palmer was elected to fill his place as chairman of the administration committee. Repairs on the stack room roof have been made as far as possible with the funds at the disposal of the Board.

A new roof will be necessary in the near future. A new burner and attachments were installed in the present heating system this summer with the intention of lessening the expense of fuel. A linoleum has been laid on the stack room

floor. The stacks at this time were rearranged to allow the needed additional ones to be placed to advantage.

New lights have been installed in the Stack, Reference, Reading rooms, upper hall and east side porch. Of these expenses over $900.00 (nine hundred dollars) have been used from the accumulated interest on the Thayer fund. The trustees now request a sufficient amount in the library appropriation this coming year to repair and paint the exterior of the building. At least three hundred dollars ($300.00) will be needed.

In April, Miss Saxton completed twenty years as librarian. In her report hereby appended much interesting information and statistics are to be found.

MARY A. A. PRENTISS,
Secretary.

December 8, 1931.

REPORT OF LIBRARIAN

To the Board of Trustees of the Keene Public Library:

The report of the librarian for the year 1930-1931—the fifty-seventh annual report.

The statistics following summarize the year's work though they cannot tell the use made of the library by the many visitors to reading and reference rooms, the questions answered, the response made to the demands of teachers and pupils, and the efforts to bring together the right book and the borrower.

The aim of a library is continually increasing service to the community, and we are endeavoring to attain this by weeding out the outgrown books and adding the best of the new in various classes as our means permit, by improving the physical condition of the books and attempting to give satisfactory aid to all comers. "The work of the library, unlike that of many business organizations, grows rather than diminishes in times of depression". In this time of unemployment and lessened resources, a library should be, more largely than ordinarily, an asset to the community. The greater use of the reading rooms and the gain in circulation indicate that the public has turned to the library for study and recreation during the unusual number of leisure hours.

To help the children to special enjoyment in books, we hold story-hours and institute vacation clubs. Fifteen story-hours were given during the winter and the vacation club discussed the books read, kept note-books and made bookmarks and scrapbooks for the younger children.

The working condition of the building has been much improved by the new lighting system and the linoleum floor covering of the book-room, while the crowded stacks have been

relieved by the additional shelving. These changes are much appreciated by the users and the workers.

The librarian feels that she has gained much from the contacts made from year to year by the attendance at gatherings of librarians, and is grateful for the privilege of being present at the conference of The American Library Association in New Haven in June. The New Hampshire Library Association meeting in Hanover was also a source of profit and pleasure, and this was enjoyed with Mrs. Stearns, who was chosen to go that she might benefit from the story-telling of Mr. and Mrs. Cronan and the marionette exhibition. Mrs. Stearns has been a speaker at a neighborhood library meeting and two Parent-Teacher Association gatherings.

The librarian again acknowledges with thanks the help of the Trustees in various problems of the year and is especially grateful to the staff members who have borne all that was possible for them to do of the work necessitated by the greater use of the library.

A few figures have been chosen to call your attention to the year's growth and show a comparison with earlier years. The per capita circulation is 7. The percent of fiction 72, and non-fiction 28; a gain for the classified sections. Total circulation 1911, 34,378; 1921, 62,384; 1931, 96,863; a gain in the last ten years of about 55 percent, and an increase over last year of 8,048. Daily average 1911, 113; 1921, 208; 1931 322. Largest number of volumes issued in one day, 1911, 255; 1921, 414; 1931, 575.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

REPORT OF CITY SOLICITOR

To His Honor the Mayor, and Members of the City Councils:

Your City Solicitor reports activities for the fiscal year ending November 30, 1931, as follows:

At the beginning of the year the City of Keene was involved in the following suits:

Plaintiff		Defendant	Action Begun
Demetrius Latchis	v	City of Keene	Nov. 30, 1926
Harry F. Mason	v	City of Keene	April 25, 1927
Demetrius Latchis	v	City of Keene	Aug. 31, 1927
Demetrius Latchis	v	City of Keene	Nov. 29, 1927
American Land Co.	v	City of Keene	Sept. 22, 1928
Demetrius Latchis	v	City of Keene	Dec. 21, 1928
Faulkner & Colony Mfg Co.	v	City of Keene	Dec. 28, 1928
Helene & Anna Bardis	v	City of Keene	June 19, 1929
Estate of John C. Faulkner	v	City of Keene	Aug. 24, 1929
Demetrius Latchis	v	City of Keene	Nov. 30, 1929
Herman Claywood	v	City of Keene	Dec. 7, 1929
J. J. Newberry Co.	v	City of Keene	Dec. 13, 1929
Alice H. Ellis et al	v	City of Keene	Dec. 13, 1929
Faulkner & Colony Mfg. Co.	v	City of Keene	Dec. 19, 1929

The following are new actions brought during the present year:

Plaintiff		Defendant	Action Begun
City of Keene	v	Harry Crocker	Mar. 17, 1930
Demetrius Latchis	v	City of Keene	Dec. 2, 1930
Alice H. Ellis et al	v	City of Keene	Dec. 23, 1930
J. J. Newberry Co.	v	City of Keene	Dec. 23, 1930
Faulkner & Colony Mfg. Co.	v	City of Keene	Dec. 24, 1930

The first of these suits to come up for hearing during the year was that of the American Land Company. The various phases of this case are given quite fully in the reports of your City Solicitor for the years 1928, 1929, and 1930. The trial was begun on December 9, 1930, before a jury in the United States District Court at Concord, New Hampshire and on December 12 the jury rendered a verdict in favor of the City of Keene. Robert W. Upton, Esquire, of Concord, New Hampshire, was associated with your City Solicitor in the trial of this case.

On March 25, 1931, a hearing was had before Judge Matthews of the Superior Court in the suit of the City of Keene v. Harry Crocker, the details of which case are given in the 1930 report of your City Solicitor. On August 15, 1931, Judge Matthews handed the following decree: "It is ORDERED, ADJUDGED, and DECREED that the defendant have sixty days within which to make such alterations as will bring the building within the provisions of the ordinance as so enlarged, which said alterations he is ordered to make within said sixty days from the date of this decree, and it is further ordered and decreed that in the meantime and thereafter the defendant be and he is hereby strictly enjoined from using the building or permitting it to be used as more than a two-family house". The next step in this case is dependant upon the outcome of negotiations now being carried on between counsel for the defendant and your City Solicitor.

The suit of John C. Faulkner Estate against the City of Keene was decided in favor of the plaintiff by the Supreme Court of New Hampshire in a decision handed down on May 5, 1931, over-ruling the defendant's exceptions. This decision holds, in substance, that the plaintiff may erect, on its land on West Street involved in this suit, a filling station constructed in accordance with the plans filed in the case without first obtaining a license from the Mayor and Board of Aldermen.

Final oral argument on the several tax abatement suits brought against the City of Keene prior to 1930 by Demetrius Latchis, Faulkner & Colony Manufacturing Company, J. J. Newberry Company, and Alice H. Ellis, et al, were heard before Judge John A. Spring and Edgar C. Hurst, of the State Tax Commission, Referees, on August 7, 8, and 14, 1931. The reports of the Referees are now being awaited.

In the suit of Harry F. Mason against the City of Keene a decision of the Supreme Court of New Hampshire is now being awaited. The gist of this action is given quite fully in the report of your City Solicitor for 1927.

The suit of Helene & Anna Bardis against the City of Keene, et al, was decided in favor of the plaintiff by Judge Oakes in a decree which holds, in substance, that Eagle Court, so called, in the City of Keene is not a public way and that the only rights over the land concerned in this suit are those set forth in certain deeds from the Boston & Maine Railroad Company to Daniel E. O'Neil, Robertson Motor Company and Helene and Anna Bardis.

The suit of Herman Claywood is the only suit brought against the City of Keene prior to 1930 on which no hearing has as yet been heard. The gist of this action is given in the report of your City Solicitor for 1930. Hearing on this case will no doubt be had at the February 1932 term.

The four new tax abatement suits brought against the City of Keene during the present year by Demetrius Latchis, Alice H. Ellis, et al, J. J. Newberry Company and Faulkner and Colony Manufacturing Company will no doubt be disposed of in some equitable manner based on the findings of the Referees who heard the actions brought by these same plaintiffs in suits filed before 1930.

All criminal complaints falling within the jurisdiction of your City Solicitor were prosecuted in the Keene Municipal Court and resulted in either pleas of guilty or nolo or convic-

tion after trial except in two cases where the defendants were found not guilty after trial.

In addition to the above matters your City Solicitor had advised the officers of the city government as to the law, giving a written legal opinion on the more important matters, and appeared before the City Councils whenever requested so to do.

Respectfully submitted,

HENRY C. ARWE,

City Solicitor.

REPORT OF SUPERINTENDENT OF CEMETERIES

To His Honor the Mayor and Gentlemen of the City Councils:

I submit the report of the Cemetery department for the year ending November 30, 1931.

Besides the regular work of the department, work such as grading, filling depressions, etc. to the amount of $235 has been done on the fund lots.

A new Ford truck has been purchased for the use of the department.

We have sold 8 lots and 13 single graves, and have had 123 adult burials and 12 infant burials.

We have available lots and single graves at a value of $5,775.00, thus extending the usefulness of the Cemeteries until 1936. The Free ground has been extended to contain 40 adult burials.

The total receipts for the year are $3,470.95 for which I hold vouchers.

Respectfully submitted,

BESSIE H. WHITE,

Superintendent.

REPORT OF COMMITTEE ON PUBLIC PLAYGROUNDS

To the City Councils:

We hereby submit our annual report of the Playground Committee for the year 1931.

"Actions speak louder than words," we wish to apply the truthfulness of this saying to the members of the City Government individually and collectively for the hearty support the children have received at your hands.

Two outstanding improvements made this year are the up-to-date sanitaries and the new wading pool, known as "Lake George", the gift of a public spirited citizen.

We hereby attach the report of our playground director, Mr. Huckins.

Respectfully submitted,
A. W. PRESSLER,
Chairman Playground Committee.

Keene, N. H., Nov. 26, 1931.

REPORT OF PLAYGROUND DIRECTOR

To A. W. Pressler, Chairman Playground Committee:

This year, as formerly, the organized recreational activities of the city playgrounds were carried on at Robin Hood and Wheelock Parks.

The program at Robin Hood Park extended from July 6 until Aug. 20, and the instruction periods were from 1:30 P. M. to 3 P. M. Very few children attended in August, due to a period of cold weather and fear of catching infantile paralysis so prevalent in Massachusetts at the time.

Mr. Hoar, of the American Red Cross staff, held special classes in life saving for a period of one week. A water carnival, sponsored by Mr. Hoar, was participated in by the playground children. Playground instructors assisted in officiating.

Over fifty children passed the various Red Cross swimming tests this season. The roped off areas again proved satisfactory in handling groups of various ages. The total attendance for the seven weeks period was 3,269.

I recommend a more satisfactory centralization of authority for another year, such as the placing of one person in charge of the pool for the entire season. He would be on duty all day, should arrange a season's program, and be assisted during the playground children's instruction period by members of the playground staff. After two seasons' experience at the pool I believe this proceedure would result in greater efficiency being achieved in the program.

A very successful season was enjoyed by the children at Wheelock Park. The installation of the new cement wading pool was an event for great rejoicing by the children and the public. Little tots had ample opportunity to enjoy themselves

in the very sanitary pool. Many deserving children were supplied with wading suits through the generosity of the committee and public-spirited citizens of Keene.

The "Doll Festival" drew a large attendance of children and adults. The affair was considered even more successful than when instituted the year previous. Doll carriages were elaborately decorated and every participant was suitably costumed in gay and attractive color combinations. Each entrant received a prize.

The "Fete of Joy" this year was a stupendous spectacle. Animals, birds and insects of all types were on exhibition in the morning. A mammoth parade of children transporting their pets was staged, in a colorful manner, in the afternoon, followed by acrobatics and dancing.

The attendance at Wheelock Park for the season was 13,243, making a total attendance for both Robin Hood and Wheelock Parks of 16,512, and a daily average of 446.

The number of swings was cut down this season and those remaining rearranged to prevent accidents. A "Jungle Gym" was installed, which facilitated handling the groups and is a valuable asset in recreational work.

The policy of supervised recreation to inculcate sportsmanship, fairness and cooperation with beneficial results.

Co-operation between the committee staff and general public contributed essentially to a very successful season.

The staff this season were: John H. Huckins, director, Newell C. Paire, Mary E. Eyers, Mary L. Morey, Lona Williams, Margaret and Emily Watson.

Respectfully submitted,
JOHN H. HUCKINS,
Director of Playgrounds.

IV August 28 to Labor Day the swimmers began to fall off until only a very few visited the pool daily. On Labor Day, Sept. 7, 1931 the Robin-Hood Pool was officially closed.

REMARKS

Since the opening of the pool, on June 21st, 1931 until the closing, September 7, 1931, the pool has been under Life-guard protection at all times. In the forenoon, either Mr. Edmund Fleming or Mr. Arthur Laurant was in attendance, and each carried out his assignment, that of protecting the swimmers, and seeing that order was kept. In the afternoon these two guards were present, and they provided entertainment for the "kiddies" by organizing teams for games, at the same time allowing no one to go beyond the eye of the guard. Again in the evening these two guards were present, instructing those who could not attend the afternoon classes, the art of swimming, and giving instructions to those who wished to learn anything about Life-saving. The pool opened up at 9:00 a. m. and closed at 8:00 p. m. At all times were these guards given splendid co-operation by Special Officer Mr. Ronald Seaver, and the playground attendants; Mr. John Huckins, playground director; Miss Mary Eyers, and Misses Emily and Margaret Watson, and Newell Paire. All classes of instructions were under the supervision of Mr. Edmund Fleming, who was ably assisted by Mr. Arthur Laurant, and the playground attendants. All examinations were given by Mr. Edmund Fleming, Examiner of American Red Cross Life Saving Service. The greatest number of bathers in the pool at one time was 500. The average number from June 21 to August 20 was between 150 and 200.

This report respectfully submitted to the Park Commissioner by

EDMUND F. FLEMING,
Life guard and Director of Robin-Hood Park.

Keene, N. H., Dec. 1, 1931.

REPORT OF THE CHIEF ENGINEER OF FIRE DEPARTMENT

Keene, N. H., Dec. 1, 1931.

To His Honor the Mayor and Board of Aldermen:

I hereby submit my report for the year ending November 30, 1931.

There were 23 bell alarms, 255 still alarms, making a total of 278 alarms, 11 of these calls were out of town.

The estimated value of buildings damaged by fire,	$541,877 00
Damage to buildings,	23,590 35
Insurance on said buildings,	344,540 00
Insurance paid,	20,430 48
Value of contents of buildings,	250,932 07
Damage to contents,	26,026 83
Insurance on said property,	257,200 00
Insurance paid,	26,026 83

The number of alarms for the year are 57 less than that of last year, but the losses as you will note are some larger. The forest fires for the past year have been less in number than for several years.

There has been added to the department for new equipment three Salvage covers, these covers are 12 x 18 feet in size and will cover up a whole room of furniture, also one smoke and gas mask, this makes the department three of these masks. There has been installed on the apparatus three Cambridge wind-shields, as follows: Engine No. 1, Engine No. 2 and Ladder No. 1.

The Motor Fire Apparatus and its equipment including tools are in very good condition, the ladders have all been refinished during the year. The Chief's car has been repaint-

ed. The tires on Engine No. 1 have been renewed, also the rear tires on the Kissell Combination, these tires were all six years old.

The department has on hand 9,000 feet of double jacket rubber lined 2½ inch fire hose, and 1,500 feet of unlined linen hose on reel and in hose-house at South Keene. There has been turned over to the Water Department 200 feet of unserviceable hose.

The Fire Alarm System and its circuits are also in very good condition. Quite a large amount of damage was done to the fire alarm system on March 8th and April 7th, also July 21st, caused from limbs falling on wires and breaking them, and this crossing them up with the high voltage wires, damaging alarm boxes, under-ground wires, and equipment at the station. There has been installed on the fire alarm circuits a complete set of Vac-m lightning arresters on poles where the over-head wires enter the underground, also a set at the station to work in connection with the present Protector Board. This will give better protection to the circuits and boxes and also the equipment at the station.

There has been one new fire alarm box and pedestal installed during the year at the corner of Main and West streets, and numbered box 7 and the old box 7 at the Holbrook wholesale grocery on St. James Street has been changed to 512. The underground wire on No. 4 circuit, West Street has been extended from St. James Street to the Turner Inn.

There has been a new fire alarm battery installed of 160 cells to replace the old one, as the life of these batteries are four to five years.

RECOMMENDATIONS:

The Board of Engineers recommend the purchase of 1,000 feet of fire hose, also another permanent man be added to the force at the station, making five men in all. Also a compressed air whistle be installed at the station.

The permanent man and the compressed air whistle are recommended by the State Board of Underwriters.

To His Honor the Mayor, and members of the Joint Standing Committee on Fire Department, members of the Board of Engineers, Officers and members of the department, and to the Public, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

Respectfully submitted,

EUGENE B. RILEY,
Chief Fire Department.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Mayor and City Councils:

I have tested and sealed all of the weight and measuring devices used in trade in the City of Keene that I know about, these include all scales, gas pumps and wood carts. I find that some people think that they can sell wood in anyway that they choose. Wood must be sold by the cord or by the load. A load of wood contains 80 cu. ft. and no wood can legally be sold by the load in any dimensions than by a multiple of 20 cu. ft. People in buying wood by the load should see that the truck is marked and that the top of the load corresponds with the mark on the truck. People who sell wood should have their trucks measured and sealed by the City Sealer.

Respectfully,

E. D. HAYWARD,

Sealer.

We recommend that the sum of $235,000.00 be raised by taxation.

The finance committee believes that some explanations of some of the items in the proposed budget should be given at this time. You have noticed that the amount allowed for the highway department has been reduced by $2,500. The item for new equipment is $3,000 less, due to the fact that no great amount of new material will be needed the coming year; the item for cement sidewalks is $2,000 less; that for oil and tar $2,000 more due to an increasing demand for better streets in the outlying districts and a knowledge gained from experience that it is not good economy to build gravel roads and leave them unoiled. Our trees are demanding more and

more care and the money allowed this last year was not sufficient to do the work which should have been done. We have therefore increased this item $500. These changes in items all carry the approval of the superintendent of streets.

While the fire department had a balance this last year we recommend that this department be allowed the same amount as in the 1931 budget. In the coming year it will be necessary to employ one more regular man at the station at a cost of some $1,600 and it seems probable that the purchase of a new fire whistle at a cost of around $3,000 will be necessary. With the same allowance, plus the balance, and a program of economy these plans could all be carried out and remain within the budget.

The police department shows a shortage of about $2,000 due to extraordinary expense the first of the year, an increase in general expenses throughout the year for men and a car, and a decrease in the amount of fines. It would seem that $2,000 increase in budget, a normal collection from fines, and a program of economy might bring this department through the year.

Because of a balance left from 1930 more than $9,000 was spent for drains this last year. Having in mind a year of economy it would seem that $8,000 might carry this department through the coming year.

The Keene Visiting or District Nurse association finds its finances in a strained condition due to more charity calls, and less income from insurance companies for services rendered. Due to commendable work performed, much of which might otherwise fall on our city pauper department, our committee is glad to recommend an additional $500.

Due to increasing costs in our park department and the extra burden of the Robin Hood pool and its supervision $1,500 more has been added to this item.

In the department of the overseer of the poor we have set up an item for old age pension which is something passed at

the last session of the legislature. We have allowed $1,500 for this item which probably will not be enough.

The cemetery department has shown an overdrawn account for the last two years and seems to have no means of reducing it. We have therefore allowed an extra $2,700 for this item for the purpose of wiping out the overdraft. No doubt this department could show several thousand dollars worth of improved lots as an asset to balance off their expenditures. Our committee feels however that improvement of lots, with money over and above the amount allowed by the budget, is a matter which should be decided by the councils as a whole and that the cemetery committee should plan its expenditures so that there will be no further overdrafts in its accounts.

The amounts for payments and interest on indebtedness has increased by the amount of the reservoir and West Keene sewer items, or about $8,500. To sum it all up the budget has been increased about $16,000.

The committee also believes that the following figures are interesting and should be studied.

The city received income from the "intangibles" so-called in 1931 as follows:

Insurance Tax,	$3,701 73	
Railroad Tax,	15,000 14	
Savings Bank Tax,	6,409 07	
Tax, interest and dividends,	26,942 62	
Automobile permits,	21,853 60	
		$73,908 16
From money to be raised by taxation,		$235,000 00
Total,		$308,908 16
Amount of proposed 1932 budget,		287,358 76
Balance or "money not otherwise appropriated",		$21,549 40

In 1930 this balance was a little larger and there was spent from it about $25,000.00; in 1931 it was still larger and there was spent from it about $18,000.00. Our committee feels that with strictest economy the money not otherwise appropriated will be sufficient to meet any warranted needs.

REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Council:

I have examined the bonds, notes, deposit books and other securiteis belonging to the City in the hands of the City Treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending Nov. 30, 1931 were as follows:

	Receipts	Deposits
Tax Collector,	$602,003 01	$602,003 01
City Clerk,	5,735 84	5,735 84
City Messenger,	1,447 20	1,447 20
Librarian,	794 89	794 89
Superintendent cemeteries,	3,470 65	3,470 65
Supt. water works, sewers and drains,	6,593 71	6,593 71
Clerk Municipal Court,	1,780 63	1,780 63
Chief Police,	643 05	643 05
Park Commissioner,	715 44	715 44
Health Officer,	10,893 80	10,893 80
Supt. Highways,	11,270 07	11,270 07
City Treasurer,	356,322 28	356,322 28
	$1,001,670 57	$1,001,670 57

I have also examined, verified and allowed all claims paid by the City during the fiscal year amounting to $997,358.73 and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,
WALTER M. HUBBARD,
City Auditor.

VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.
